DISLOCATED MAN'S HIP.

Mare from South Coventry a Dangerous
Kicker.

A mare owned out South Coventry
way and her heels altogether, and
proceeding Friday afternoon, in the
stable run by Adney Potter on Main
street. The mare attacked both Mr.
Potter and Joseph Mennier, a host-
ler, when they endeavored to hitch
her up. Mr. Mennier escaped with
slight bruises, but Potter received a
dislocated right hip and will be laid
up for some time. His injuries were
caused by Mr. Johnson of Jewett
City.

DIED SUDDENLY.

Station—Expires Later at Hospital.

Mrs. James M. Bowen, 71 years old,
of New Bedford, Mass., a former resi-
dent of Willimantic, who has been
visiting the family of J. E. Byron of
Quincy street, was taken suddenly ill
at the railroad station Saturday morn-
ing, while waiting for the train which
was to take her home. At Mrs. Bow-
en's request she was conveyed to
St. Joseph's hospital in a taxicab and
received medical attention. She died
a few hours later.

Burson Hosiery Week

DURING THIS WEEK WE WILL GIVE FREE ONE
PAIR 38c BURSON HOSIERY WITH EVERY PUR-
CHASE OF BURSON HOSIERY AMOUNTING TO \$1.

This liberal offer during Burson week is evidence of the
confidence we have in the merit of this well known brand of
hosiery. The Burson are the only perfectly shaped stock-
ings that are knit without a seam. The absence of the seam
is not only for looks but it is a matter of comfort, and it saves
the nuisance of sudden ripping apart.

This week's special includes Medium Weight Lisle, Mer-
cerized Lisle, Light Weight Cotton, Cotton Ribbed Top, Cotton
Split Foot and Plain Black in regular sizes.

Outsized, Medium Weight Lisle, Light Weight Cotton,
Ribbed Top, Split Foot and Plain Black, at 25c a pair.

One pair of 38c Burson Hosiery with every purchase of
Burson Hosiery amounting to \$1.00.

not be located, so the body of the man
was buried by order of the selectmen.

POLLS OPEN AT 9.

Keen Contest on License Issue Antici-
pated.

In the town hall here at 9 a. m. to-
day the polls will be open for the re-
ception of ballots for the election of
town officers for votes on the consti-
tutional amendment and on the license
question. Town meeting day in Kill-
ing is going to be an interesting one
this year. There are a number of con-
tests on for town officers and the usual
keen fight for and against license. If
the weather pre permits, a big crowd
is anticipated, for many automobiles
will be pressed into service and will
be ready to leave the polls for the re-
mote parts of the town.

SAVINGS BANK TO REOPEN.

Has Been Closed Since August 6, 1912
—Every Indication of Success and
Public Confidence.

This (Monday) morning the Wind-
ham County Savings bank is to reopen
for business, after having been closed
since August 6, 1912. Under a restrain-
ing order issued by Judge Gardiner
Greene of the superior court at the re-
quest of the standard commission, the
bank had been closed for some time,
and after having since passed through
a court action that resulted in an
agreement between all parties concern-
ed that the institution be allowed to go
on and do business in the regular way.

When seen Saturday, Hon. Frederick
A. Jacobs, the bank's new president,
said that the institution has found it-
self in a position to open with a sur-
plus on hand, exclusive of any profit-
able transactions that have occurred.

Reorganized and again ready to go
on with its business, the bank is most
in touch with the bank give the most
positive assurance of its strong posi-
tion and ability to go forward and be-
come one of the most important of the
smaller savings institutions in the
eastern part of the state.

On every hand in Danielson and vic-
inity there is a disposition to regard
the troubles through which the insti-
tution has passed as a passing phase,
of a nature that will do no permanent
injury and may eventually prove for
the benefit of the bank, as has been be-
fore been the case with a bank in this
town.

Only 10 per cent. of withdrawal from
any account is to be permitted under
the agreement by which the bank is to
reopen and 10 per cent. additional over
every three months succeeding until fur-
ther notice—this by the terms approved
by the court. The predictions Sat-
urday were that the withdrawal money
will be received next April by those
who permit their deposits to remain.

On Saturday no decision had been
reached as to who the new treasurer
is to be, but an experienced bank man
was one of several under consideration
for the place, and with the likelihood
of a selection being made at any min-
ute.

The new board of the bank will work
faithfully in the interest of the insti-
tution, which is expected to be show-
ing a flourishing condition within a
few months.

I. W. W. METHODS.

To Be Discussed by Thomas J. Kelley,
Secretary of the Hartford Board of
Trade.

ratus Perfect.

General Manager C. L. Bardo of the
New Haven system, traveling in the
inspection car Berkshire, had as his
guests here signal engineers of vari-
ous New York Central, Pennsylv-
ania, Philadelphia and Reading, Cen-
tral of New Jersey and New York
systems. The purpose of the trip was
to inspect the signal and interlocking
systems in this and other New Haven
yards. Several and severe tests were
made by the chief signalmen with the
apparatus in the local yards, the sys-
tem responding perfectly and refusing
to balk under the most trying condi-
tions applied. The signalmen com-
plimented the New Haven officials on the
excellence of the equipment referred
to in Putnam.

Train Changes.

As a result of the changes made on
the Midland division in the running
time of trains under the winter sched-
ule that went into effect Sunday there
are numerous changes affecting Put-
nam. On the main line, Boston to
Hartford, the New York express that
has been leaving here at 9:25 a. m. is
now leaving at 9:31 a. m. The after-
noon express for New York is now
running five minutes later than under
the old schedule, at 3:35 p. m. instead
of 3:30. The 5:58 p. m. train for Will-
imantic has been changed to leave Put-
nam at 6:02 p. m., five minutes later
than formerly.

Going east, the train that has been
leaving here for Boston at 10:37 a. m.
is now scheduled to leave at 10:41 a.
m., the noon express for the same place
that has been leaving Putnam at 12:53
p. m. is now scheduled to leave here
at 12:56 p. m., and the night express
leaving now at 6:58 instead
of 6:53 p. m.

There are only two changes on the
Norwich branch. The northbound
train for Worcester that has been
leaving here at 10:55 is now changed
to leave at 11:02 a. m., and the New
London boat train that has been leav-
ing here at 3:51 p. m. is now leaving at
3:58 p. m.

There is no change in the running
time of Sunday trains through this
city.

TWO PLACES ENTERED.

Burglars at Mill Office of Manhasset
Company and Hurbit Store Got
Only an Old Revolver.

Putnam citizens awoke Saturday
morning to find that their city had
again been visited by burglars. This
time the mill office of the Manhasset
company and the store of N. T. Hurbit
in the Pelocuin building on Elm
street were the places entered. In
neither place did the thieves secure
anything except an old revolver taken
from the mill office.

The burglars were frightened away
from the Hurbit store, which was
probably the second and last place
entered, as the cash was not there.
The burglar was obliged to leave the mill office before
they were really ready to go.

The destruction is that the break
at the mill office was made with the
idea of getting a part of the payroll
from the cash was not disturbed,
which gives rise to the the-
ory that something developed to
cause the men to hurriedly leave the
place.

Entrance to the mill office was gained
by breaking out a pane of glass in
one of the windows and releasing the
catch. The office was pretty thorough-
ly looked over, but the revolver is the
only loss that was reported to the po-
lice.

At the Hurbit store the men got in-
side by breaking out a pane of glass in
the entrance, this, according to the
idea of N. Pelocuin, owner of the
building, being the best place to break
could not release the locks. Joseph
Langlois, who has an apartment in the
building, was awakened by the barking of a dog,
probably disturbed by the men, and
gave the alarm. The men fled from
the store, two of them going through
Buck street, the other continuing up
Elm street. The break was made be-
tween the hours of 3 and 4 o'clock.

When the interior of the Hurbit
store was inspected it was found that
the men had prepared to make a good
haul. Suitcases taken from stock to
be used for the purpose of carrying
and laid on the floor. One suitcase had
been filled with suits, principally of

clally in the town of Plainfield as to
those connected with the Blanchette
scandal, as one of the prosecuting offi-
cers has said. Sergeant Patrick
Hayes was coming down the street
from near the business center when
the men started off and it is thought
his footsteps were heard by the man
on guard, he also recalling that Mr.
Langlois might be after them at any
minute.

During Saturday railroad men re-
ported to the police that three men
came into the local yards on a freight
that reached here during the early
morning hours. These men, who were
driven away by the railroad employes,
may have been responsible for the
breaks.

Quiet Election Forecasted.

This is annual town election and
town meeting day in Putnam. The
polls are to be opened in the munic-
ipal building at 6:30 a. m., the time for
closing to be decided as is usually
done.

There is not a contest in sight on
the town ticket this year; there is to
be no vote on the license question, so
the annual event promises to be a
very quiet one. The only real inter-
est in the town meeting, which will
be called upon to pass upon reports
of the various town officers and to
make the usual appropriation, seems
to be over the resolution providing
for the reassignment of all of the
property in the town.

Pomfret's Autumn Festival Highly
Successful.

Pomfret's autumn festival and har-
vest pageant came to a close Saturday
evening. Saturday, the second day of
the affair, was given over to exhibi-
tions, to the athletic events and to the
work horse parade. The venture of
holding the festival was successful, al-
though many who planned to go to
Pomfret Saturday were kept away by
the threatening weather aspect.

Decided On.

A no-license rally was held Sunday
evening in the Lyceum theatre under
the auspices of the Mystic Valley Tem-
perance union and the W. C. T. U.
with a large attendance. The speech
was Rev. S. H. Davis of Westerly. Mr.
Davis, an entertaining and convincing
speaker, gave a strong argument in
favor of no-licenses.

New Parish Club.

A club of the men of St. Mark's
Episcopal church has been organized
under the direction of the rector, Rev.
A. H. Barrington. It is to be known
as the Get Together club. There will
be an executive board consisting of
the rector, H. N. Wheeler, A. L. Fitcher,
C. C. McGaughey, Walter T. Fish and
Charles E. Cameron. Meetings are to
be held weekly from October to May
and a supper and entertainment will
be provided. The object of the guild
is the promotion of good fellowship
and a special effort to bring out the
young men of the village.

Parish House Planned.

St. Mark's Episcopal church is to
have a parish house, it having been
decided at a recent meeting to make
the old rectory into a home for the
purpose of the guild and societies
and entertainments. A home on Pearl
street owned by Jesse D. Cray has
been selected for the rector and his
family.

On Thursday evening, Nov. 6, Bishop
Baker will visit St. Mark's Episco-
pal church.

Wanted!

**Perfectly healthy men
and women who will
voluntarily submit to an
experiment which may
lead to temporary or
permanent impairment
of health, or possible
death.**

**This experiment to be
conducted with the
coffee drug, "caffeine."**

Would You Apply for the Job?

Thousands are trying the experiment every day in spite of the fact that physi-
cians and government experts have proven:

That the average cup of coffee contains about 2½ grs.
of caffeine;

That caffeine is attributed to be one of the principal
causes of headache, biliousness, heart disease, indigestion
and kidney, liver and bowel trouble;

That caffeine in doses as small as that contained in two
average cups of coffee has killed rabbits, guinea pigs and
other animals at the laboratories of the Gov't in Washing-
ton and elsewhere.

To be sure a guinea pig or a rabbit may weigh but a pound or two, while the
average human may weigh 100 times as much.

A few cups of coffee or a single cup (according to the resistance of the individ-
ual) will not kill, but the poison is there and can be added to day by day.

That's why so many coffee drinkers suffer from headache, dizziness, indiges-
tion and other symptoms referable to the poison effect on heart, liver, nerves, kid-
neys and stomach.

If you know coffee has no bad effect in your particular case and you like it,
why, bless your heart, stick to it, but if coffee drinking leaves its tell-tale mark by
some symptoms of physical discomfort or peace of mind, it's a good idea to stop
and use

POSTUM

This pure food-beverage, made of prime wheat and the juice of southern sugar-
cane, makes a rich, seal-brown blend turning to golden-brown when cream is add-
ed, which tastes much like real Oriental Java but is absolutely free from the coffee
drug, "caffeine."

Postum comes in two forms. One, called Regular Postum, must be boiled full
15 minutes.

The other, Instant Postum, is in powder form, and a level teaspoonful in a cup
of hot water makes the beverage instantly. Grocers keep both kinds.

"There's a Reason" for POSTUM
